2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

El Toro Health Science Academy is situated in the western foothills of Morgan Hill between commercial, greenbelt, suburban homes, and apartments. Our Transitional Kindergarten through fifth grades classrooms, along with our special classes (Physical Education, Visual and Performing Arts, and Health Science), are housed in 22 classrooms. Our children come from many diverse backgrounds from throughout the valley.

Our mission is to Educate, Inspire, and Empower each El Toro student. The staff at El Toro Health Science Academy firmly believes that all of our students will be successful and strive to provide a strong curriculum based on the California Common Core State Standards with a focus on student results. The staff works with our parent partners to educate the whole child. The staff are dedicated to provide a safe and compassionate yet challenging and progressive learning experience for each student. The staff work as a team of educators in conjunction with our parents and community to develop educated and responsible students who will be our citizens of tomorrow.

The El Toro Health Science Academy staff and community believe that students should always be respected. They also believe that they learn best in a safe, engaging, caring, and supportive environment, that powerful learning takes place when students connect life experiences with learning, and that students need clear and high expectations with multiple pathways in which to learn. They believe that strong positive communication builds bridges and that learning is a lifelong process. The partnership between students, parents, teachers, and the community is an important component for student success.

We are constantly working to maintain a positive learning environment and grow student achievement using researched based and results driven best practices to deliver high quality instruction/assessment in math and reading. We are staying focused on providing lessons to meet the diverse needs of our children and learning the best ways to teach children as a learning

2023-24 School Description and Mission Statement

community. Our school focuses on the three factors of high achieving schools: direct explicit instruction, the response principle, and a multi-source curriculum. We believe children need to talk about their learning both during direct instruction, hands-on activities, and in small group instruction. El Toro is a very unique school in that our school culture represents a kind, caring, and collaborative environment. This is directly modeled by our teaching staff to students, parents, and community as a whole. We value the importance of a calm, controlled, and engaging learning environment that promotes students' thinking rather than memorization without meaning.

Our school-wide intervention practices include TK, K, 1st, 2nd, 3rd, 4th, 5th and multiage reading and math support.

Our Home and School Club has been very active in fundraising and organizing community events.

Our school continues to strive to increase our student attendance rate, which reflects our belief in students being present as a core contributor to student success.

The core curriculum is differentiated and based on the California Common Core State Standards, which provide our students rigorous academic learning expectations. Services are an integral part of the school day and may be augmented by a pullout program for special activities outside the classroom, after-school enrichment, or independent study projects.

Our 5th grade students attend Science Camp for one week of the year.

Our after school program through the YMCA, supports the students with their work at school as well as engage the students in enriching experiences that will help them build skills, develop strong friendships and feel connected to a caring community.

Our teachers deliver instruction to our English learners with a focus on addressing language development and acquisition through an ELD period and core content instruction. Designated teachers teach English Language Development (ELD) intensively during 1 instructional period (30 minutes) to English Learners based on individual ELPAC levels. All of our English learners are in general education classrooms and we provide differentiated instruction to their level of comprehension. Many of our English Learner students have intervention opportunities via computer based programming or differentiated instruction to supplement the daily primary instruction. We encourage the parents of English learners to join our English Language Advisory Committee (ELAC). We depend on the ELAC to help improve and expand our ELD program as our English learner population continues to grow.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Nestled between El Toro Mountain and Henry Coe Park, El Toro Elementary School is located on the corner of East Main Avenue and Calle Mazatan.

As part of the Measure G Bond funds, El Toro received a technology infrastructure upgrade which included WiFi in every classroom and exterior, a new phone system and a new public address system including new clock and speakers throughout the campus. The library and adjacent classrooms were converted into a new health science lab and opened for the 2018-19 school year and a new roof was installed summer of 2017.

The campus was repainted December 2019 and a new marquee installed. As part of the classroom technology upgrade, they received a new projection device in each of the classroom.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Our campus provides multiple opportunities for our parents to contribute to our school community. Parents are encouraged to join our School Site Council, which functions as a strategic governing body composed of parents, teachers, and administration to plan, implement and evaluate funding and instructional programming. Parents of English Learners are vital to our English Learner Advisory Committee (ELAC) specifically and are a critical component of our overall learning community. In addition, classroom teachers help to organize parent volunteers to support with special projects in the classroom and chaperone on field trips. As a part of facilitating our relationships and partnerships with our community, we staff a community liaison in an effort to maintain our community support. Furthermore, our Home and School Club serves to encourage parent contributions by fundraising, supporting school programs, and providing community building activities for all of our families. We purchase technology and other literary materials for the library through Home and School fundraisers such as our school-wide book fair. In addition, we encourage parents to join committees such as our Positive Behavior Intervention Support Implementation Team (PBIS) to build a full range of stakeholder input as we make impacting decisions for our learning community. We ask all parents to attend Back-to-School Night in the fall, Open House in the spring, and parent-teacher conferences in November.

2023-24 School Safety Plan

Our school Safety Plan is reviewed, updated and approved by our School Site Council on an annual basis and serves as a priority document which frames all actions we take to ensure our students' safety. Our staff monitors school common areas during and after school as well as at all recesses and at lunch time. Teachers regularly deploy the rules for safe, respectful, and responsible behavior in school and on the playground. We have a closed campus that is fully fenced. Visitors must enter the school through the main door and sign in at the office, where they receive a badge to wear throughout their stay.

The School Safety Plan includes procedures for emergencies, Run, Hide, Defend, exit routes, and inventories of emergency supplies. We make the plan available in the office for parents. We share the plan with all staff during a school-wide staff meeting. We practice fire, earthquake and armed intruder drills.

Fiscal Year 2022-23 Types of Services Funded

All funding is directly connected to our Single School Plan for Student Achievement. Federal, state and local funds serve general education. Title I funds aids intervention and staff development to support underperforming students to increase achievement. Our Home and School Club raises funds for classroom supplies, field trips, library books, and special assemblies.

Federal Title 1 funds pay for one half the salary for our Health Science Teacher on special assignment, a reading intervention program, staff development and curriculum planning for teachers to provide rigorous instruction in the classroom. It also pays for opportunities for parent engagement.

A combination of federal and state funds are used to hire additional personnel for reading support of all students. We have a 1.0 FTE Reading Teacher working with reading programs and a 1.0 FTE Reading aide.

Our Home and School Club holds annual fund-raising events to pay for classroom supplies, field trips, an art program, weekly music, library books, science camp and special assemblies.

Professional Development

Collaborative learning drives our instructional culture and is at the core of our school excellence initiative. The principles of our Professional Learning Communities anchor our curriculum, instruction and assessment actions by focusing our efforts on learning, results and collaboration. Our teachers attend weekly professional learning sessions and grade level collaboration meetings. These sessions include staff development on curriculum, pedagogy, and the analysis of student achievement data. Teachers collaborate to plan standards-based instruction that includes effective teaching practices. Teachers also collaborate to analyze on-going assessment data to plan instruction that meets the needs of all students. Specific training and professional development has included Literacy Boot Camps, Curriculum Alignment Development, Envision curriculum training, NGSS curriculum, Systematic ELD and other instructional/teacher leadership and capacity building training.

Professional development was offered to administrators and teachers regularly during the school year and summer by district and school staff and external partners. Individual schools prioritize and align their professional development learning to their approved School Plan for Student Achievement (SPSA) and the Local Control Accountability Plan.
